Winter 2026 - SVDA

Week 4

Week 4 is in the books, and next week marks the halfway point of the Winter season. It's hard to believe we're already almost there.

Across the divisions, the standings remain tight, and this week featured several close matches that continue to keep the races competitive. If the first four weeks are any indication, the second half of the season is going to be just as exciting.

We had one major highlight this week, which are **180s, Round of 9s, and Hat Tricks:**

Winter 2026 - SVDA

Week 4 Continued

This week we're taking a closer look at a Cricket stat that often creates a little confusion: Hat Tricks vs. Six Bulls. In DartConnect, a "Hat Trick" includes any turn with three bulls – either singles or doubles. However, in the SVDA, what we traditionally count as a Hat Trick is actually three double bulls, which equals six bulls total.

In other words, DartConnect may list a Hat Trick that includes single bulls, but a Six Bull requires three red (double) bulls in one turn. In the Top 10 list below, you'll see both stats side by side, including the one player who has recorded a true Six Bull this season.

For Cricket, check out the chart alongside this section for how points are awarded. At season's end, the player with the most All-Star points takes home the award. You can always follow the full standings and point system on our website. Each week, we'll also spotlight the top All-Star earners in every division, giving well-earned credit to the players putting up the biggest numbers!
